

Resources for free education

If you like to knowledge on the Internet, then this article is for you. Many pay for education a lot of money, but in today's world, if you have the desire you can get a huge amount of useful information and education is absolutely free. In this article, I will publish a few resources where you can obtain useful information that will help with admission to Universities as well as for personal development and self-education.

National open University "Intuit" – a resource where you can get additional education and improve their skills. On the website you will get access to a large number of lectures and video courses. "Intuit" has licenses for educational activity and issue official diplomas of the state sample. But as you know the quality of education is not a diploma, and knowledge.

On the website Academic Earth you will find the lectures from all the prestigious universities, such [write my essay 4 me](#) as Harvard University, Stanford University, Columbia University, Massachusetts Institute of Technology and others. On this site you will find a huge number of helpful educational information on the desired theme and video courses. But the information is entirely in English.

If your area of expertise is the IT industry that pay attention to school "data Analysis" from Yandex. In category Video courses you will get huge amount of video lectures on the topic of "Algorithms and data structures search", "Discrete analysis and probability theory", "Machine learning".

Resources for free education

Apple in Education ; English resource with great lectures from all over the world. Get education on your iPad.

Ted ; a huge number of training conferences will find on this resource. The information contained on this website refers to various aspects of our lives – the Creativity, Business, Technology, Entertainment, Communications, Internet, Design and so on. The video contains subtitles. But I recommend this resource for those who are fluent in English.

Coursera ; free courses for those who love to constantly learn and discover something new. English.

Khan Academy ; in this resource you will find everything. English.

So, if you have the desire to obtain a great amount of knowledge and you speak English, then these resources will help you to lift the veil of priceless knowledge. I wish you success.

As you noticed, most of the resources in the English language. If you do not speak English enough to easily to read and to listen to the courses, my advice would be to start to learn English. Most useful information on the Internet in English, there's nothing you can do about it.
